REF.NO.KMIPS/10064/2026 Dt: 06.10.2026

RESEARCH AND DEVELOPMENT CELL

KMIPS, Rourkela, Odisha started with a vision to provide quality education. Realizing the immense importance of research for promoting innovative ideas in the field of Pharmacy, KMIPS thrives to be on the fore-front of research and consultancy activities. Research and Consultancy Cell promotes, coordinates, records and regulates all sponsored, collaborative research projects and consultancy works in the Institute. KMIPS was recognized as Nodal Centre of Research under Biju Patnaik University of Technology (BPUT), Rourkela.

Vision:

To imbibe the culture of research and consultancy among faculty and students and disseminate knowledge to the society in emerging and challenging areas of Pharmacy.

Mission:

1.To create awareness, opportunities and a conducive atmosphere in research among the students & faculty.
2.To create good infrastructure for facilitating research and developing research culture.
3.To motivate the faculty members and students to take up research projects and improve their knowledge and skills.
4.Toi assist faculty members in acquiring funds from external agencies.
5.To develop strategies to foster research collaborations with external agencies/institutes.
6.To encourage faculty to undertake industrial consultancy work.
7.To encourage faculty and students to publish research papers in refereed national and international Journals/Conferences.
